

# Summer Spinach

## Crocodile RZ

- Best suited for late spring, summer and autumn harvest.
- Suitable for baby-leaf in pillow packs or grown at wider spacings for bunching.
- Vigorous with wide adaptability and an upright growth habit.
- Very dark green, oval, thick, robust, semi savoy leaves, more savoy than most varieties.
- Resistant to downy mildew HR: Pfs: 1-7,9 IR: Pfs: 10.

## Toucan RZ

- Best suited for summer and early autumn harvest.
- Mainly suited to baby-leaf production.
- Dark green leaf colour with a short stem.
- Upright habit at a high population.
- Resistant to downy mildew HR: Pfs: 1-11.

## Donkey RZ

- Limited stock available for grower evaluation.
- Best suited for late spring, summer and autumn harvest.
- Semi savoy type, giving greater volume in the bag.
- Thick leaf with strong dark green colour.
- Leaves are less pointed than Crocodile RZ and plant habit is more upright.
- Resistant to downy mildew HR: Pfs: 1-11.

## Red Kitten RZ

- Red veined spinach, best suited to summer production.
- Slow growing, slow bolting.
- Ideal for baby-leaf production.
- Glossy green leaves with red vein.
- Resistant to downy mildew HR: Pfs: 1-11.
