

Capirossi RZ

Capsicum

Description

A blocky capsicum variety for commercial production in high-tech greenhouse environments. It can be picked green or red and features resistance to Tomato Spotted Wilt Virus (TSWV).

The fruit quality is impressive with thick-walled, firm fruit with a blocky shape, a shiny gloss, and an average fruit weight of 190–220g.

It produces high early-season yields that maintain size well through hotter conditions. Features a vigorous, open plant habit, making it highly labour-friendly.
